

**Holy Family High School**  
**PARENT EVALUATION FORM (for current or rising Seniors)**

Student \_\_\_\_\_ Parent \_\_\_\_\_

I encourage you to complete this task because you are the one who knows your son or daughter best. This information will be used by me to get to know your child better and to assist me in writing the School Recommendation which is a part of most college applications. Please be as specific as possible; examples and anecdotes are most helpful. Although you are not obligated to do this task, it is your opportunity to share with me some of your thoughts about your child. This information will be kept in strict confidence. If you choose to complete this form, return it to me at your earliest convenience. (Will Wilson, Director of College Counseling)

---

**ACADEMIC EVALUATION:** To what extent has your child been genuinely interested in academic work and full use of his/her intellectual potential? Colleges are particularly interested in evidence about his/her intellectual promise, motivation, capacity for growth, originality, and any special talent or quality which he/she possesses.

**PERSONAL EVALUATION:** How would you describe your child's character, aims, and values? Colleges are particularly interested in evidence about his/her relative maturity, integrity, independence, sense of humor, leadership potential, initiative, and the things he/she is enthusiastic about. Is there anything in particular I should know as I counsel your child about college?
